

Mag het ietsje meer zijn ?

Een "ruime" verzameling damzetten

freddie borghoms

Ik heb eens door mijn verzameling diagrammen zitten bladeren. In de loop der jaren heeft zich daar een bijna onoverzichtelijk legertje aan afbeeldingen opgestapeld. Afkomstig uit partijen, analyses, problemen, kortom een allegaartje.

Uit die overvloed heb ik een aantal diagrammen geput met damzetten.

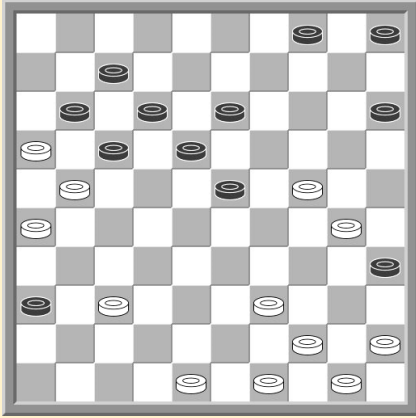

Deze zijn niet allemaal erg moeilijk, sommige zijn erg voor de hand liggend en makkelijk zonder bord op te lossen, maar er zijn er een aantal bij waarbij het puzzelen wordt. Maar dat is voor een damliefhebber geen obstakel, dacht ik. En mocht de oplossing niet gevonden worden kan men nog altijd een kijkje nemen bij de gegeven oplossingen enkele bladzijden verder.

Het zijn echter veel meer diagrammen geworden dan in aanvankelijk dacht te bundelen, sorry daarvoor. Indien men echter al de oplossingen eens doorworsteld heeft zijn wel alle mechanismen voor het nemen van een dam in de toekomst gesneden koek.

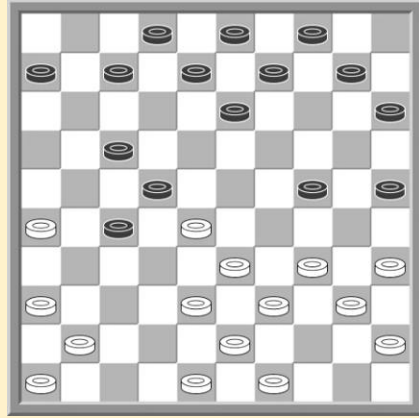

Ik wens jullie veel plezier bij het oplossen.
